

Release Notes 1.7.7

01/16/03

The following items have been moved (migrated) to Production for use by Agencies beginning on January 16, 2003.

- PSP code was modified to allow Dentists with Pay Rate Determinates 5, 6, or R (Special & Superior Qualls, Special Rate, or Retained Pay - SES Removal) to have PSP. PSP dollars may not be keyed for Dentists with Pay Rate Determinates 0 or 7 (Regular Rate or Superior Qualifications Rate). Please remember that PSP restrictions appear as warning messages.
- A new status code has been added to the Health Benefits Mask Query. The “No Prior Coverage Code” message indicates that the employee record does not have a coverage code on the most current row (due to a termination, waive, or missing data from conversation). When this message is received, the user should manually key in the Health Benefit Change.
- The 2003 Salary Tables have been loaded.
- The following Wage Tables were loaded: 056R, 109N, 138N, 092N, 094R, 107R, and 144R.

The following modifications have been migrated to production in response to tickets:

- (Ticket 1791) Social Security Numbers starting with 765 will be accepted into the system.
- (Ticket 1814) Code prorating PSP dollars based on hours worked was removed from the Online and Batch PSP processes. Payroll (Compute Pay) will handle any prorating if required. EHRP will continue to prorate PSP dollars based on time spent in an Executive / Scarcity Role.
- (Tickets 528, 2001, 2221) The Payroll Interface has been updated to process the R25 Earnings Code.
